Date: September 14th, 2022

Director General
Public Utilities Commission of Sri Lanka
6th Floor, BOC Merchant Tower
No.28, St, Michael's Road
Colombo 3.

Dear Sir,

**SUBMISSION OF THE DRAFT LONG TERM GENERATION EXPANSION PLAN (LTGEP)
2023-2042**

We write in reference to our letter dated 2022-08-23, submitting the draft LTGEP 2023-2042 (except for Chapter 14) to review the study results until the full draft LTGEP 2023-2042 is submitted within two weeks.

Accordingly, we have enclosed (in CD) herewith the full draft LTGEP 2023-2042 including all the chapters and annexes seeking the approval of the Commission.

It should be noted that further editorial improvements on the draft version of the document will be carried out before releasing the final report. Such changes will only be on language, formatting and on historical data or information and not on results or recommendations of planning studies. We would make arrangements to bring all changes and subsequent additions duly to the attention of the Commission prior to releasing the final report.

We once again thank the Commission for giving us extended time to submit the draft LTGEP 2023-2042. As the Long Term Generation Expansion Plan is a key planning document of the country/sector that is required early to implement all the enabling features required in the power system and to meet demand for electricity, we seek your earliest approval for the same. We also earnestly request an opportunity to present the key results and rationale of LTGEP 2023-2042 to the Commission.

Yours faithfully,

CEYLON ELECTRICITY BOARD
