Chief Executive Officer,
National System Operator Private Limited.

Status of Quarterly Tariff for the 4th Quarter of 2026

Reference is made to NSO letter (Ref: CEO/NSO/ORG/6), dated September 15, 2026, on the Bulk Supply Cost submission for the 4th quarter of 2026.

Based on the NSO letter referred above, the Commission has decided to hold up the electricity tariff review process for the 4th quarter of 2026, as the letter amounts to a withdrawal of the latest Bulk Supply Cost submission. The tariff review process will be resumed once the submission, as mentioned in the above letter, is received by the Commission. These submission delays will delay the issuance of the decision on electricity tariff for the 4th quarter of 2026.

However, in calculating the tariffs for the 4th quarter of 2026, any deficit would be distributed over the entire quarter, irrespective of the tariff implementation date. Thus, NSO would have to bear all financial implications due to the implementation delays.
